

## TELEVISION ENCLOSURE

Introducing the Turtle Tough robust television enclosure – the ultimate solution for protecting your TV in high-risk areas and specialist disability accommodation. Crafted from 3mm steel and featuring a 12mm polycarbonate face, this enclosure is built to withstand even the harshest conditions.

Designed initially for Robust Specialist Disability Accommodation, this television enclosure provides a secure space for residents and carers to enjoy their favourite shows without any concerns for damage or injury. It's especially beneficial for individuals with behavioural issues, offering a resilient home environment that minimizes risk and eliminates the need for frequent maintenance.

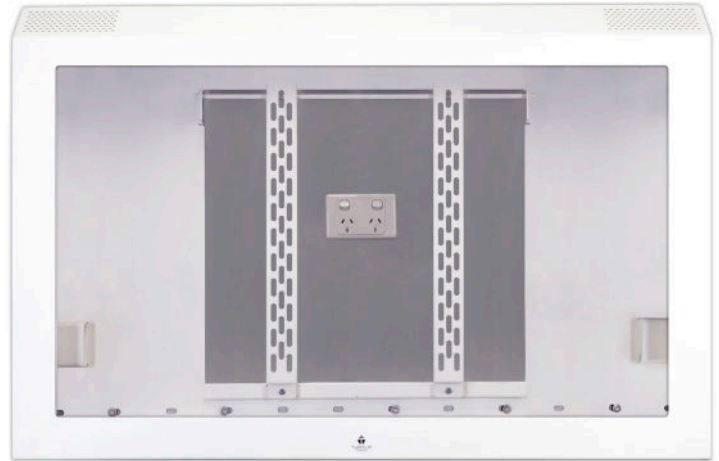

### Features

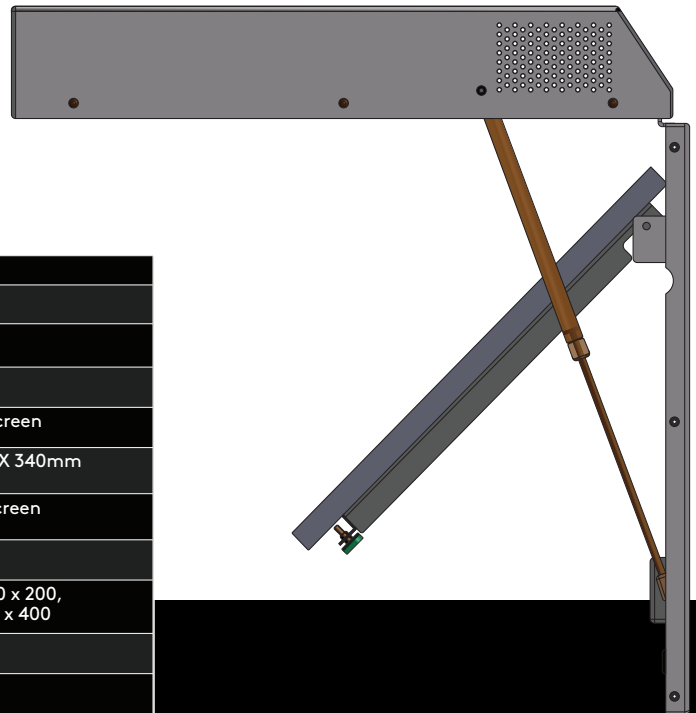

- ✓ Manufactured from 3mm steel.
- ✓ 12mm unbreakable polycarbonate screen.
- ✓ Rounded corners and edges to reduce injury
- ✓ Includes space behind the TV for a media player.
- ✓ Durable powder coat finish.
- ✓ Gas struts for ease of lifting.
- ✓ Closed with anti-tamper screws.
- ✓ Built-in ventilation.
- ✓ Reduces injury and risk of electrocution.
- ✓ TV mounting brackets meet VESA requirements

# ACCESS AND SAFETY

With its sleek white powder coat finish, the Turtle Tough enclosure offers unbeatable protection and maintains an attractive appearance. It's perfect for Robust Specialist Disability Accommodation and other high-risk locations, including sports stadiums and hospitality venues. Say goodbye to worrying about damage to your TV and enjoy peace of mind knowing it's safe and secure.

Don't compromise on quality – choose the Turtle Tough television enclosure today.
